

ARRANGING FOR SCHOOL VISITS

AASM, H&NM has always welcomed and encouraged school visits from prospective students. Prospective students may visit once, or several times if they desire to. The School Visits are arranged by Telephone: 734-769-7794.

An administrator will discuss possible dates with you that are available for our standard One Hour “sit in on a class” visit. The best time frame for this is during a class from 1130 - 1230. The days for this are THURSDAY, FRIDAY, or a SATURDAY when class is in session.

See our Planning Info page for a pdf on “Planning Admissions” for more information as you go about your exploration in taking the next steps in your training in the natural medicine field.
